

PMP® Exam Preparation

Improve your chances of passing the grueling PMP® certification exam on the first try with this well-proven and successful course. You'll find out exactly what components of your project management background will be tested so you know where to focus your attention during the vital weeks of preparation. You'll become familiar with the makeup and format of the exam itself, thanks to ESI's exclusive *PMP® Exam: Practice Test and Study Guide*, featuring hundreds of multiple-choice questions and fully referenced answers. Plus, you'll get a chance to explore the rationale behind answers with your instructor, a certified PMP®.

You'll also receive an extensive collection of exam-preparation study materials, including PMI's *A Guide to the Project Management Body of Knowledge (PMBOK® Guide)* and ESI's popular and unique *PMP® Exam Challenge!*—600 questions on spiral-bound, fully tabbed flashcards.

Learn from the project management experts at ESI how to make the most of your limited study time.

In PMP® Exam Preparation, you'll learn how to:

- Reduce your study time by half by focusing only on relevant exam topics
- Use test taking strategies to help answer any question correctly
- Turn double negatives into simple statements
